

The department of chemistry in collaboration with ORIC GCWUS has arranged an informative seminar for MS/PhD research students titled, **“Unlocking Research Literature Critical Reading and Academic Writing for Post Graduate Success”**. Dr. Sajjad Haider, Assistant professor, Department of Botany as a guest speaker effectively engaged the student audience in useful discussions. The seminar aims to empower students with the skills and knowledge necessary to effectively engage with research literature, critically evaluate existing research and produce high quality academic writing.

Dr. Amina Sadiq, Chairperson, Department of Chemistry concluded the seminar and presented the guest speaker with Honorary certificate and a note of thanks. Dr. H. M. Abd Ur Rehman, Director ORIC has also thanked the guest speaker for his useful contributions in research.
